Bucks (to Wit).—*To Her Majesty's Justices of the Peace assembled at the GENERAL QUARTER SESSION OF THE PEACE, to be holden at AYLESBURY, in and for the said County, on MONDAY, the 3rd day of JANUARY, 1887.*

THE ANNUAL REPORT

OF THE COMMITTEE OF VISITORS ELECTED AT THE EPIPHANY SESSION, 1886, FOR THE PURPOSES OF THE LUNATIC ASYLUM, AT STONE, FOR THE PAUPER LUNATICS OF THE COUNTY, UNDER THE STATUTE 16TH AND 17TH VICT., CAP. 97, SS. 22 AND 62.

SHEWETH,—That your Committee Report (in the terms of the Statute) that the “State and Condition” of the Asylum have been satisfactory throughout the year, and the accommodation is sufficient and proper for the number of Patients.

The conduct and efficiency of the several Officers and Servants have, with two exceptions, been satisfactory.

The full number of Patients on the 17th day of December, 1886 (the day of the last Meeting of your Committee), was as follows :—

	M.	F.	TOTAL.
County Patients	143 ...	233 ...	376
Out-County Patients	19 ...	5 ...	24
Private Patients	11 ...	3 ...	14
On Probation: County Patient.....	— ...	1 ...	1
TOTAL.....	173 ...	242 ...	415

The number of County Patients in the Asylum at the corresponding period of the year ending 19th December, 1885, was 391.

The Asylum is constructed to accommodate 210 Male and 270 Female Patients, in all 480.

The number of Patients admitted since the commencement of the year 1886 has been :—

	M.	F.	TOTAL.
County Patients.....	26 ...	27 ...	53
Out-County Patients.....	14 ...	2 ...	16
Private Patients.....	1 ...	2 ...	3
TOTAL	41 ...	31 ...	72

The amount per head per week charged to the Unions in the County having Patients in the Asylum during the four Quarters, has been a uniform charge of 9s. 4d., being a decrease of charge of 7d. per head per week, as compared with the charge made for the year 1885.

The following is a Table showing the cost of Maintenance :—

Two of the Commissioners in Lunacy visited the Asylum on the 16th day of October, 1886, and the following is a copy of their Report upon that occasion:—

BUCKS LUNATIC ASYLUM,

OCTOBER 16th, 1886.

Through the admissions, discharges, and deaths of Patients, the numbers on the Books are now 175 Males, 243 Females; showing a decrease since the Commissioners' visit in 1885 of 11 under care and treatment. Of the Patients, 378 are chargeable to Bucks and its Unions; the weekly rate for these is 9s. 4d. Twenty-six belong to Out-Counties and Out-County Unions; these pay 14s. weekly. The private cases are 14, and they are received for payments ranging from 14s. to 21s. weekly. Four men are absent on leave. The vacant beds at present are 62, of which 35 are on the Male, 27 on the Female side. The mortality has been high, about 12·8 per cent., calculated in the usual way. The exact figures representing the changes upon the books are these:—Admissions 72, re-admissions 8, total 80; discharges 36, of which 30 were upon recovery; deaths 56. There have been no exceptional diseases and the only fatal casualties have occurred with epileptics. In one case, the Patient, a Woman, wandered into a single room, so got out of sight (during the day), and there unseen died in a fit. In the other case, the Patient, a Man sleeping in the Special Dormitory, died in a fit, and his death was not discovered till his body had become cold. The recurrence of the first-mentioned casualty is now guarded against by keeping the single rooms locked up during the day. The other casualty led to the dismissal of the Attendants on duty in the Dormitory for neglect of supervision. Inquests were held in both these cases, but in no other instance. Fifty-two of the 56 deaths were followed by *post-mortem* examinations. The criminal specially named in last year's entry was shortly after the Commissioners' visit discharged, and we hear from the Medical Superintendent that his recent tidings of the man's conduct since discharge show that the course taken in regard to him was proper. The behaviour of the Patients during our Inspection was satisfactory, though many are mentally degraded or congenitally of low intellect; and a considerable number of the Women were wearing special dresses on account of their destructive habits. We had no fault to find with the state of the Wards, nor is the personal cleanliness of Men or Women overlooked. One Woman was in seclusion. Mechanical restraint has not been found necessary, but according to the Medical Records 9 Patients have been secluded, two Men on 8, seven Women

on 34 occasions. The total period of seclusion has been 67 hours in the Male, $262\frac{1}{2}$ hours in the Female Division. Meat is supplied for dinner on 6 days of the week except in the fruit season; and then on 5 days meat, on the 6th fruit. On Thursdays currant pudding is the meal. To-day damsons with substantial pie crust were supplied for dinner, and the Patients were generally content. The dinner beverage is beer or porter; the quality good. In answer to our enquiry as to the number of general paralytics and epileptics, Mr. Humphry informs us that 8 Patients come under the first, 60 under the second head; of the latter class 53 are under constant night supervision. Two suicidal cases are also continuously watched. The staff of Attendants now consists of 13 Men and 18 Women on day duty. In No. 5, the staff is still numerically weak, 3 Attendants to 41 Patients, of whom many are troublesome, and 18 are epileptics. The Night Attendants appear to be sufficient in number, 3 on the Male, 4 on the Female side. As many as 10 of the Nurses have not yet been in the Asylum service a year. All but 5 of the Male Attendants can count longer service. Of the 175 Male Patients, 117 are now usefully employed; of the 243 Female Patients, 137 are returned to us as working. These figures show 66 per cent. of Men, and 56 per cent. of Women occupied usefully. Of the Male Patients 42 assist on the land, 16 in the shops, and 32 Women help in the Laundry. In going over the Asylum we noticed no offensive smells anywhere, but we learnt that the proper ventilation of all the w.c. soil pipes had not yet been accomplished. This work should be completed without delay. The general health of the Inmates of this Asylum is good. To-day 14 Women and 7 Men were in bed, many of them aged persons. Thirty-eight cases are at present registered as being under Medical treatment. Exercise is given beyond the Estate now to 88 men and 76 Women once a week, 30 Females are daily taken beyond the Airing Courts. Two hundred and seven Patients, in equal numbers from each sex, attended Divine Service last Sunday, and at the last week day Service 103 Patients were present. About the same number at the last weekly dance. The Cottages for Male Attendants are now occupied by them, and are found to be very valuable. The number of beds vacant in the Asylum for Male and Female Patients, postpones the consideration of early additions to the building, but should those beds be filled, it must be borne in mind that the day-room space in the Wards is not conveniently adapted for the accommodation of

larger numbers than are now received. The deficiency of single rooms for Nurses is a matter which we should be glad to see remedied as soon as practicable.

PROPOSED ADDITIONS TO A GENERAL RULE OF THE ASYLUM.

At the instance of the Commissioners in Lunacy, your Committee considered a proposed alteration, in Rule No. 21, of the General Rules of the Asylum, which proposed alteration accompanied a letter from the Commissioners, dated 16th July, 1886, and the Committee determined that the following additions should be made to that Rule (namely), “Nothing in the preceding General Rule “shall be construed to prevent the Medical Superintendent from “undertaking either of the following engagements:—

“1. Visiting (at the request of the Secretary of State, or of the “Solicitor to Her Majesty’s Treasury), any Prisoner charged with a “Capital Offence, enquiring into his mental condition, reporting, “and if required, giving evidence thereon.”

“2. Executing at the request of the Commissioners in Lunacy, “any Order to visit and report, granted by the Lord Chancellor, under “the provisions of the Act 8th and 9th Victoria, cap. 100, ss. 112-113, “or of any Act which may be substituted therefor.”

Your Committee have not yet received back these additions with the approval of one of Her Majesty’s Principal Secretaries of State.

Under Paragraph 1 of the foregoing proposed addition to Rule 21, the Medical Superintendent, by request, visited a Prisoner named Alfred Hitch, confined in Her Majesty’s Prison, at Aylesbury, charged with Murder, and made a Report of the result of his visit, and he was subsequently by subpoena required to attend at Bedford upon the Trial of this Prisoner, which necessitated his absence from the Asylum for two entire days, not only much to his own personal inconvenience, but possibly also to the detriment of the Institution. Your Committee call the attention of the Court to this circumstance, as they consider that this interference with his duties at the Asylum should be confined to a Trial taking place at Aylesbury, to which place the Medical Superintendent is within a reasonable distance.

NOTE. — *The proposed additions have been since withdrawn, by reason of the Medical Superintendent’s absence upon the Trial at Bedford, as above stated.*

In the Appendix No. 1 will be found an Abstract of the Treasurer's Accounts, as to the Loan raised to provide three pairs of Cottages on the Asylum Land.

In the Appendix No. 2 will be found an Abstract of the Treasurer's Accounts, as to the repayment of instalments of the principal monies borrowed, and the interest thereon.

In the Appendix No. 3 is shown the amount expended in Repairs, and also in Additions, Alterations, and Improvements, under section 38 of the Statute.

In the Appendix No. 4 will be found a General Statement and Balance Sheet of the Maintenance Account.

And in the Appendix No. 5 will be found an Abstract of the Garden and Farm Account for the year 1886.

It is now the province of the Court of Quarter Session to appoint a Committee of Visitors of the Asylum for the ensuing year, pursuant to the 22nd sec. of the Statute.

CHAIRMAN.

MEDICAL SUPERINTENDENT'S REPORT.

TO THE COMMITTEE OF VISITORS OF THE BUCKINGHAMSHIRE
COUNTY ASYLUM.

GENTLEMEN,

I beg to present the Annual Report for the year 1886, being the thirty-fourth of this Asylum, together with the usual statistical tables which supply an account of the changes which have occurred during the past year.

On the 19th December, 1885, the number resident in the Asylum amounted to 427, 168 Males and 259 Females. During the year ending 18th December, 1886, the total number of admissions was 72, comprising 26 Males and 27 Females, chargeable to Unions in this county, 14 Males and 2 Females from Middlesex, 2 Female Private Patients, and 1 Male Criminal—making a total under treatment of 499. The admissions from this county during the past year show a decrease, being 19 less than in the previous year, and 8 less than in 1884. The average daily number resident was 174·43 Males, 245·78 Females; total, 420.

Of those admitted, 37 or more than one half were incurable, owing either to advanced age, duration of the disease, or to their cases being complicated with Epilepsy, General Paralysis, or other bodily disorder. In 10 other cases their recovery was exceedingly doubtful, and of the remainder, 14 Males and 11 Females, 7 of each sex have already been discharged.

With reference to the causes of their mental disturbance, hereditary predisposition was ascertained in 25 per cent., in 18 per cent. there had been previous attacks of insanity, while to intemperance only 7 per cent. could be distinctly traced. Among the moral causes, 19 per cent. were attributed to domestic trouble or adverse circumstances. The average age was for Males 39 years, for Females 50 years, the oldest being a Woman of 81, and the youngest a Boy of 7 years, subject to epileptic fits.

The Discharges during the year have been—Males 12, Females 23, total 35; of these 10 Men and 19 Women left recovered, the proportion per cent. being 24·3 for Males, and 61·2 for Females, or 40·2 per cent. on the total number received. Four Patients were transferred to other Asylums, and 1 Male Idiot was returned to his Mother's care.

The Deaths have numbered 51, or 25 Males and 26 Females, giving a percentage of 12·2 on the daily average number resident; or, calculated on the total number under treatment, the death-rate has been 10·22. The mortality has again been increased this year by the number of Deaths from pulmonary consumption, 5 Men and 5 Women having succumbed to that disease; 23 of the persons who died were between 65 and 87 years, while 7 of them had been Inmates of the Asylum for 33 years. The average age at Death was—Males 56, Females 56.

There have been two Inquests during the year, one on the body of G. T., a Male epileptic Patient, who was found dead at 6 a.m. in the Special Dormitory. The verdict returned was “that the two “Night Attendants deserve censure for neglecting to carry out strictly “the Rule which requires them to walk round the Dormitory and look “minutely at each Patient every half-hour.” The two Attendants implicated were dismissed. In the other case, a Female epileptic, stout and plethoric, wandered into a Single Room, and falling on her

face on a bed, died almost immediately, the verdict in this case being “Death from suffocation, whilst in a fit of epilepsy.”

Two accidents have to be recorded, one of them, an imbecile lad, when playing with other Idiots in the airing-court, fell and fractured his left arm; the other occurred to an epileptic Patient, who fell in a fit and broke her collar-bone. Both made a satisfactory recovery.

Three Patients escaped, one was absent from the Asylum for an hour, another for seven hours, and the third was away for two days.

The general health and condition of the Patients during the year has been good, and there has been no epidemic disorder of any kind.

Our thanks are due to the Secretary of the Hospital Pillow Mission, who has again sent a liberal supply of Christmas cards and letters for distribution in the Wards; and also to the Aylesbury Nigger Troupe for an excellent Variety Entertainment.

Several changes have taken place among the Staff of Nurses, five left to be married, one on promotion elsewhere, three others for reasons of their own, and one died. Four Male Attendants have been engaged, two to fill the vacancies caused by the dismissal of two Night Attendants for neglect of duty, and one to succeed the Head Night Attendant, who had, after 10 years' service, to retire on a small pension in consequence of increasing blindness from cataract.

The statistical tables printed with this Report have again been compiled by my colleague Dr. Grant; to him, as well as to the other Officers, my thanks are tendered for their cordial co-operation in the work of the Asylum; and, in conclusion, I wish to express to the Committee of Visitors my gratitude for their confidence and kind consideration during another year.

I am, GENTLEMEN,

Your obedient Servant,

J. HUMPHRY.

CHAPLAIN'S REPORT.

TO THE VISITING COMMITTEE OF THE BUCKS COUNTY LUNATIC
ASYLUM.

GENTLEMEN,

I have much pleasure in presenting to you my Annual Report as Chaplain of the County Asylum.

The Order of Services and times, and mode of Visiting, proceed on the same plan as heretofore.

Their exact order and date are, as usual, entered in the Chaplain's Book.

Holy Communion has also been administered the accustomed number of times.

One cannot but feel assured that a large number of the Patients highly appreciate the opportunities for Public Worship afforded them, and it is pleasing to see many of them joining heartily in it.

Those of the sick, and others capable of entering into a short reading or conversation, always gladly welcome one's visits.

I hardly need repeat, but yet have great pleasure in saying, that I have always received every help and kindness from the Officials of the Institution, in the performance of my duties.

I remain,

GENTLEMEN,

Your obedient Servant,

CHRISTOPHER RIDLEY.

Aylesbury,

December 14th, 1886.
